- *etc.*

Background

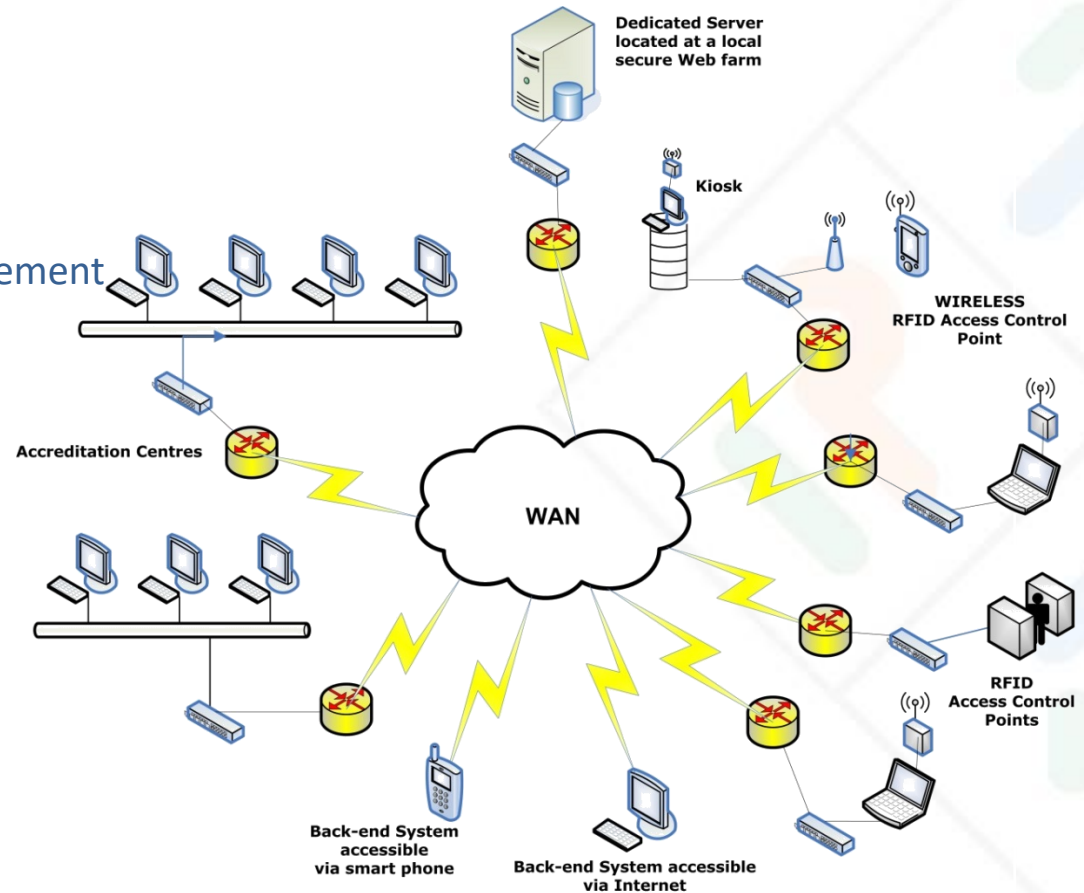

4

The online registration, accreditation and access control systems that AFTER provides **are fully made in-house** and guarantee **high customization levels** and a service always tailored on the specific event's requirements, as do all the other tools developed for supporting in the organisation and management of a major event.

AFTER services and software solutions fully cover **all organisational and logistics aspects of a major sporting event:**

- Online Registration
- Accreditation
- Access Control
- Travel and Accommodation Management
- VISA Management
- Meals Management
- Items Delivery Management
- Workforce Management
- Transportation Management (GPS tracking)

AFTER System integrates the above management tools and processes in to **one complete web-based framework.**

Online Registration

- Individual and bulk registrations
- Customised System interface and functionalities based on user privileges
- Multiple events management (also simultaneous)
- Documents and photographs upload and crop tool
- Automatic data validation checks during compiling
- Email notifications tool

Accreditation

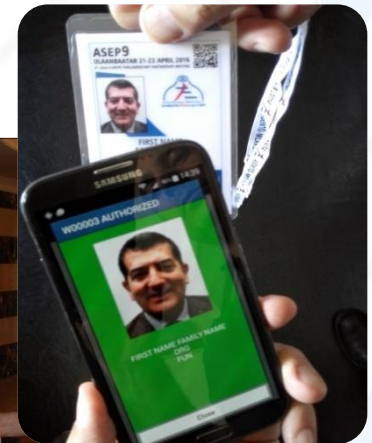

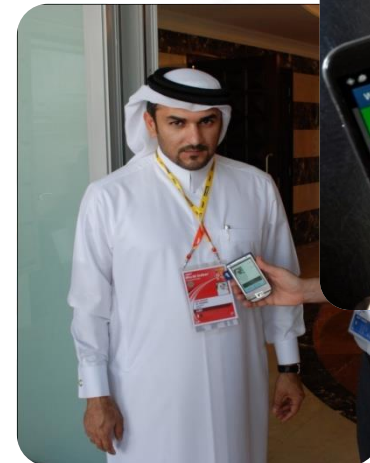

- Customised access based on user privileges
- Search suggestion and autocomplete functionality
- Multi-criteria advanced search engine
- Photo auto-crop (with face detection) and import
- Badge Preview
- Log of each portrayed action on the database with indication of the user, date and time, issuing place, user IP address, etc.

The screenshot displays the 'IAAF Accreditation System' web interface. At the top, there's a header with the IAAF logo and a 'Welcome Simone Path...' message. Below the header is a 'PEOPLE LIST' section with a search bar. The main content area is titled 'Personal Information' and contains a form with fields for Name, First, Country, Organisation, Function, Category, Date of birth, Document Number, Sex, Athlete's Code, ID, and Accesses. A 'PRINT' button and a 'CAPTURE PHOTO' button are also visible. On the right side of the form, there's a 'BADGE PREVIEW' section showing a sample accreditation badge. Below the form, there's a 'save' button and a 'close' button. The interface is clean and professional, with a focus on data entry and badge management.

Access Control

- **RFID Proximity Sensor**
- **Last 6 transits personal photo available on screen**
- **Remote deactivation of badges (web based system)**
- **Warning message on screen (and sound signal) for any unauthorized transit or not valid badge**
- **Real time remote monitoring via back-end**

Items Delivery Management *Gadgets, Gifts, Uniforms, etc.*

- Stock control and inventory
- Individual and bulk default allocation
- Delivery receipt printing
- Returns and exchanges management
- Reports by item, person, staff category, etc.

The screenshot displays the IHF SUPER GLOBE Uniform Distribution Dashboard. The dashboard includes a sidebar with navigation options: Dashboard, Inventory Management, Entitlements, Distribution Log, Invitations, People Visibility, Bulk Delivery, Check In Application, Check Out Application, Signature Application, Return Application, Reports, and System. The main content area shows four key metrics: 536 Clients Entitled, 441 Kits Delivered (82.3%), 0 Clients Completed Today (0 invited), and 95 Kits Remaining (17.7%). Below these metrics is a Distribution Log table with columns for Action, Time, WS, IdBadge, First Name, Last Name, Job Title, and FA. The table lists several entries, including Return, CheckOut, and CheckIn actions for various staff members. To the right of the dashboard is an Exchange section with an Accreditation Badge and a table for Items Distributed, showing quantities and return status for Polo Shirts in different sizes.
